Please call Lovell back and let him know that you are unaware of a call. Have him call me if he has any questions. Thank you!

For what it's worth, his voice message this morning noted that the call would be on Friday.

If it is OK, I will let him know that ES is not working on this and I don't have any information on a furnace call.

There is no call
I think Lovell was calling to see if there would be one.
Why I do not know but could speculate

I can't think of a call coming up. Do we know who is leading it?

Marshall,

Lovell called me to ask me about the details for a call to discuss furnaces. He was told that I have the details.

I was out on Friday, but I think this is the first I am hearing of a call. Do you have any details to share

with me or should I direct him to someone else?

Thanks,
Bijit
