Re: IOU-Proposed CAEECC Conflict of Interest Plan – Version 2

The attached Draft Version 2 of the IOUs' proposed CAEECC Conflict of Interest policy is being posted to the CAEECC website for consideration at the October 19<sup>th</sup> meeting. This version is the IOUs' best effort to address feedback to date as posted to the Conflict of Interest tab on the CAEECC website.

The original draft, which was circulated on September 21, 2016, has been streamlined to highlight the key principle of the policy, that is, that potential conflicts are best addressed through an open and transparent meeting process.

The re-draft retains the provision that discussions should be limited to avoid potential conflicts, based on the IOUs' understanding of the Energy Division's May 2, 2016 Business Plan Guidance Document. Those provisions are yellow-highlighted in the re-draft. The IOUs seek specific guidance from CPUC staff as to the inclusion of these terms.
