Subject: [EXTERNAL] RE: DRAFT DOE RFI Comment Letter

All,

On Friday afternoon I received some suggested edits from Kristen's team at CEC. The few updates incorporated in the letter are clarifying only and do not alter the substance of the comments. I have included the updated letter (in tracked changes and clean) and denoted "v2." As noted below, we are looking for final approvals no later than July 12. **Please reply all in your approval notification since I will be on vacation and inaccessible this week.**

- Final Approval Received: SCE
- Final Approval Pending: SDGE, SoCalGas, PGE

Thanks,
Bijit

All,

Please find attached two versions of the CA IOU comment letter: one is tracked changes and the other a clean version. The current draft (noted as Final Draft) incorporates the suggested edits from the following parties:

- PGE: Addressed comments and updated sections based on reviews from Marshall Hunt and Mary.
- SoCalGas: Addressed comments and updated sections based on reviews from Adam and Negawatt.
- SCE: Addressed comments and updated sections based on reviews from Charles and Michelle.
- SDG&E: Addressed comments and updated sections based on a couple different reviews from John.

Updates

A run-down of the major updates include:

- Reference of CA IOUs instead of Utility Coalition.
- Modification of "This question is beyond the scope..." to "No comment" for simplicity.
- Use of the median price increases from the ASAP study to avoid the confusion with the average increase.
- Added and anecdotal note about light bulbs as an example of standards driving innovation.
- Edits throughout for clarity/correctness.

Approvals

The following is the approval status by utility. **Please reply all in your approval notification since I will be on vacation and inaccessible next week.** Mary has asked for final approvals no later than July 12.

- Final Approval Received: SCE
- Final Approval Pending: SDGE, SoCalGas, PGE

Please let the Energy Solutions Team (Erin, Lauren, and me) know if you have any other feedback on this letter.

Thanks,
Bijit

Attached is the draft comment letter on the DOE RFI. I appreciate everyone's time to get the outline done, this is a pretty meaty letter. Please review and send Bijit and I your comments by COB July 10, 2017. We will revise the letter and get it back to the team by July 12th for final approval. If you have any questions please let me know. Thanks!!!

Mary
