15. Under the 2018-2025 Energy Efficiency Rolling Portfolio Business Plan, will ratepayer money be allowed to subsidize energy efficiency measures that are installed by contractors that do not employ adequately trained and skilled workers?

**SDG&E Response:**

SDG&E has a robust WE&T portfolio to facilitate an adequately trained and skilled workforce. Additionally, SDG&E is committed to supporting the Energy Commission as they adopt, implement and enforce responsible contractor policies per SB 350.
