**Response to Office of Ratepayer Advocates May 22, 2017 Data Request 1 in A.17-01-013 et. al, Consolidated Energy Efficiency Business Plan Applications**

**GENERAL STATEMENT**

Nothing in this response to Office of Ratepayer Advocate (“ORA”) First Set of Data Requests (“Data Requests” or “Requests”) should be construed as prejudicing or waiving Marin Clean Energy’s (“MCE”) right to produce and provide additional documentary evidence based on information, evidence or analysis hereafter obtained or evaluated. MCE’s responses are made subject to inadvertent or undiscovered errors, and are limited by records and information still in existence and or presently recollected and thus far discovered in the course of preparing this response. MCE reserves the right to update and/or supplement the responses provided herein if and when additional evidence, which is responsive to the Requests becomes available and at any time if it appears that inadvertent errors or omissions have been made.

These responses are made without intending to waive or relinquish MCE’s rights to take the following actions:

1. Raise all questions regarding relevancy, materiality, privilege, admissibility as evidence for any purpose as to any documents identified or produced in response to these Requests which may arise in any subsequent proceeding, in, or at the trial of this, or any other action;
2. Object on any grounds to the use of said documents in any subsequent proceeding, in, or at the trial of this, or any other action;
3. Object on any grounds to the introduction into evidence of documents identified or produced in response to these Requests; and/or
4. Object on any grounds at any time to other requests for production or other discovery involving said documents, or the subject matter thereof.

**QUESTION NO. 26** (Senior Managerial Employees (FTE and Headcount) and Costs)

**Instructions:** For the following questions, the term “senior managerial employee” refers to all employees at the manager level or above.

**Question:** State the basis for the method used to determine the amount of costs for senior managerial employees that charged to energy efficiency balancing accounts for the years 2014-2017.

**CONFIDENTIAL (yes or no): No.**

**RESPONSE:**

MCE utilized timesheets to quantify the costs based on the number of hours senior managerial employees billed to energy efficiency. MCE incorporates staffing costs into budgets in the beginning of the year. Throughout the year staff use project codes to track time spent on energy efficiency programs. The timesheet records contain these tracked hours and were used to determine overall costs for senior managerial employees.
