**SCE EE Business Plan A.17-01-013**

**DATA REQUEST SET A.17-01-013-SBUA-SCE-001**

**To:** SBUA  
**Prepared by:** Joni Key  
**Title:** Project Manager  
**Dated:** 05/31/2017

---

**Question 01:**

Please provide any studies, reports, or other data that show SCE's commercial customer base broken down by number of employees (see SDG&E Business Plan p.72, figure 3.10 for an example)

**Response to Question 01:**

SCE does not track our commercial customer base by the number of employees. SCE tracks and defines commercial customer types by electric demand. SCE identified the characteristics of its three commercial sector segments for energy efficiency within Table 23, page 89, of our Business Plan. The table has been provided below for reference.

Table 23  
SCE Commercial Sector Segmentation for EE

<b>Segment</b>	<b>Demand</b>	<b># of Accounts</b>	<b>% of Sector kWh Usage</b>	<b>Average kW per Account</b>
Large	≥250 kW	7,000	46%	670 kW
Mid-size	≥50 kW < 250 kW	33,000	27%	110 kW
Small	< 50 kW	478,000	27%	9 kW
