Do you mind if I share with Kristen (CEC) if you haven't already? One item I did not include in the letter but was thinking to get feedback on was how you/CEC feel about states taking the lead on enforcement activities to reduce regulatory costs for DOE. It is sort of an "out there" idea, but what do you think?

Subject: DRAFT DOE RFI Comment Letter

Attached is the draft comment letter on the DOE RFI. I appreciate everyone's time to get the outline done, this is a pretty meaty letter. Please review and send Bijit and I your comments by COB July 10, 2017. We will revise the letter and get it back to the team by July 12th for final approval. If you have any questions please let me know. Thanks!!!
