Question 040a:

Does SCE intend to shift any incentive funds away from downstream programs to midstream and upstream programs during the 2018-2025 Energy Efficiency Rolling Portfolio Business Plan? If yes, please respond to the following:

(a) Please describe the anticipated scope of this funding shift, including the amount of funds to be shifted, the sectors involved and the current downstream programs expected to be affected by this shift in funding.

Response to Question 040a:

SCE does not yet have an approved budget for 2018-2025 and does not know whether there will be a need to shift funds from downstream programs to midstream and upstream programs during the 2018-2025 timeframe. Any fund shifts will be reported in the Commission's online tool and reported in SCE's annual budget advice letters consistent with the fund shifting process established in D.15-10-028 (pp. 91-92).

(a) Not Applicable.
