Question 026:

In Appendix 2 (2015 WE&T PIP Addendum) of the joint February 23, 2015 Advice Letter on the WE&T Program Implementation Plan Addendum (PG&E Advice 3567-G/4592-E; SDG&E Advice 3179-E; SCE Advice 3179-E; SoCalGas Advice 4765-G), the IOUs stated that they would “evaluate the impacts associated with implementing targeted hiring goals, prevailing wage and wage floors in the IOUs’ Resource Programs.”

- (a) What is the status of this evaluation?
- (b) Please provide copies of any reports, memorandum, contracts, studies, updates, data, emails, correspondence or other documents related to this evaluation.

Response to Question 026:

(a) The IOUs determined that information available from current and recent studies[1] and other existing analyses[2] was sufficient to make a determination and, therefore, did not conduct additional data collection and evaluation of the impacts associated with implementing targeted hiring goals, prevailing wage, and wage floors in the IOUs’ Resource Programs. An examination of existing studies and analyses is outlined in the attached internal memorandum. Rather than conduct additional costly data collection to study something for which there was already useful information and analyses, the IOUs determined that it would be more prudent to study other information needs identified in the WE&T PIP Addendum.
