**Question 45b:**

Response to Data Request Question 22 states that “For contractors who participate in HVAC Commercial Quality Maintenance (QM) programs, applicable IOUs require skills standards and certification requirements in alignment with the recommendation, fulfilling the commitment outlined in the February 23, 2015 Advice Letter and PIP Addendum.”

This response does not indicate whether any *new* skill standards or certification requirements were adopted *in response* to the February 23, 2015 Advice Letter and PIP Addendum. In addition, this response refers only to “applicable IOUs” and does not indicate whether SCE adopted skills standards or certification requirements for any of its energy efficiency programs.

b. Did SCE add any skills standards or certification requirements to its energy efficiency programs in response to the February 23, 2015 Advice Letter and PIP Addendum? If the answer is yes, please identify the programs and the requirements and provide supporting documentation.

**Response to Question 45b:**

No, SCE did not add any skills standards or certification requirements to its energy efficiency programs in response to the February 23, 2015 Advice Letter and PIP Addendum.
