All,

Here is the edited comment letter to align our stance with ACEEE on the furnace size cutoff. Before, Mary mentioned that Pat supports the 50 MBtu/h cutoff. But just to double check, do we have final approval for the letter from Pat?

Thanks,

Bryan Boyce | (510) 482-4420 x294

Hi everyone,

I was offsite at an audit this morning. I'm working on the changes and I'll send out another draft to the group by 1 pm.

Thanks,

Bryan Boyce | (510) 482-4420 x294

So is Bryan going to modify this and send to Pat?

I just spoke with Pat and he agreed to 50.

I delegated the decision of 45 or 50 to Pat for final approval.
Is it too late to make sure Pat and Mary considered the options?
If not then I recommend they look at it one more time.

I thought we were going to move to the ACEEE position? Did I get that confused?
Other than that the letter looks fine.

PG&E Team,

We understand that we will not have a statewide comment letter on DOE's NODA for Gas Furnaces. Therefore, please find attached the current draft of comment letter for final approval with PG&E as the sole signatory.

Once approved, Bryan will include the signature image, PDF, and docket with DOE. We are seeking final approval by the **end of the day today**.

Please let us know if you have any questions.

Best,
Bijit

Subject: DOE Residential Furnace NODA Review Form and Draft Comment Letter

All,

Please find the draft review form and draft comment letter for the IOU comments on DOE's Residential Furnace NODA. We seek final approvals by October 13th. The comments are due to DOE on October 14th. We will spend some time briefly discussing this topic on Monday's call.

If you have any questions please let me know.

Ed, please set up a call to discuss the issues addressed in this form.

Thanks,
Bryan
