Portfolio Budget

23. What analysis did you perform to determine the reasonableness of your portfolio budget?

SDG&E Response:

SDG&E performed the analysis in the response to Question 22 to determine the reasonableness of its portfolio budget. This is in addition to determining that the EE savings goals can be met cost effectively with the TRC and PAC tests. SDG&E has its cost effectiveness analysis available at <http://www.sdge.com/regulatory-filing/20456/sdge-energy-efficiency-rolling-portfolio-business-plan>.
