8. On page 213, the SDG&E 2018-2025 Energy Efficiency Rolling Portfolio Business Plan states that the purpose of WE&T includes “gain skills that may lead to employment.” Please explain why the purpose is described as gaining skills “that may lead to employment” rather than stating that the purpose includes gaining skills “that lead to employment”?

SDG&E Response:

SDG&E uses the term “may lead” because our energy efficiency programs do not guarantee employment.
