Business Plan Metrics

3. How did specific state goals and objectives – such as those in SB 350, AB 802, and the Energy Efficiency Strategic Plan – inform your analysis in setting short, medium and long term success targets?

SDG&E Response:

SB350, SB 802, the Energy Efficiency Strategic Plan and other key legislation referenced in SDG&E's Business Plan served as guiding documents for SDG&E's Business Plan. These documents helped inform the strategies included in the business plan but not the specific targets as identified in the metrics section for each sector.

Note that SDG&E's Business Plan includes a matrix on "Policy Drivers" for each business sector.
