I totally understand, getting approvals is pretty tricky. 😊

The General Service Lighting and the replacement pool pump rulemakings are coming up soon, there will be upcoming opportunities soon!

Hi everyone,

After pushing on the RFI response for the last week, we are just not going to be able to get this through the necessary approvals before the due date. I really appreciate all of your time and effort to help us on this front. While this did not work, I look forward to working together again soon.

Thanks.

Chris
