ORA DATA REQUEST No. ORA-A1701013-SDGE001 Dated March 1, 2017
Question 35
Submitted: March 22, 2017

Questions in the following four sections on PA statewide program proposals refer to the “Statewide Administration Approach” proposed jointly by PG&E, SCE, SoCalGas, and SDG&E in their whitepaper authored on January 17, 2017 (“Whitepaper”).

Statewide Cost & Funding Allocations

35. Under what conditions do the utilities intend to cross-fund statewide programs? Please describe:

- a. How funds will be allocated to a program from other PAs to the Lead PA for that program?
- b. How funds will be transferred between utilities to fund statewide programs of other PAs?

SDG&E Response:

The utilities have not yet identified the conditions under which statewide programs would be cross-funded, as they are still in the process of determining how statewide program costs should be allocated by service area. The utilities currently have co-funding agreements in place for other programs, and could leverage that structure for statewide programs. However, the use of current agreements will depend on the outcome of ongoing work on the statewide administrative structure.
