*Questions in the following four sections on PA statewide program proposals refer to the “Statewide Administration Approach” proposed jointly by PG&E, SCE, SoCalGas, and SDG&E in their whitepaper authored on January 17, 2017 (“Whitepaper”).*

**Statewide Program Council**

**47.** Will records of Program Council deliberations be available to the public for review?

**SDG&E Response:**

The IOUs have not yet addressed this question. An initial framing for a statewide governance structure in the jointly filed “Statewide Administrative Approach” as a part of the Business Plan application in January 2017. This document represents the joint IOUs’ initial thoughts on administering statewide programs and is not intended to be a final framework for administration. The IOUs continue to work collaboratively on the structure and anticipate having more details in place for statewide program implementation which will include what may be available to the public for review.
