Hi Sue,

Attached is the latest DOE RFI IOU Draft. We are having another working meeting on this today but I wanted to see if you were thinking of commenting SoCalGas only and what thoughts AGA/APGA had.

Thank You,

*Daniela Garcia*

Yes I believe that both AGA and APGA have responded and actually fed the DOE the information to launch the RFI. I'll reach out and figure out what we want to do.

Sue,

The DOE released a Request for Information. Typically the RFI would be in relation to an appliance but in this case they are looking for stakeholder comments on 11 questions to help the DOE identify rules/obligations on which it should immediately focus.

Attached is a very first draft, provided by PGE, I am having Negawatt review as well and we will be adding some comments to the next iteration of the letter. Comments are due July 14<sup>th</sup> so the IOUs plan to meet again in Monday.

I think that reaching out to the AGA, APGA or Spire may be helpful as they may have some points that we can side with. Did you want to reach out or would you like me to?

**Subject:** [EXTERNAL] DOE Regulatory Reform RFI Summary Updated Comments

Folks,

Here are the comments that I added during our meeting. I look forward to talking with the team next week!

Mary
