Subject: Final Report for Review

Attached is the final report that I will submit to the DOE. In addition to this report I will attach the two analyses conducted by GTI and Negawatt with corresponding spreadsheets.

Let me know if you have any concerns with this document – I need to submit it no later than 2 p.m. today so I will need time to make edits if you have any.

This has been reviewed and contributed to by Grant Wooden, Gabriel Olson, Ken Chawkins, Cathy Moore, Abdullah Ahmed, Cherif Yousef, Valerie Lertyaovarit, and Sean Mackay.

Thank you for your review and I apologize for the quick turnaround.
