Rodger,

Attached is the update to the previous document we've provided for Dennis' preparation for the AGA BOD meeting as well as the summary of responses to the DOE on the furnace NOPR. We have structured this to have the update at the front of the document and indicated where the historical information begins.

This has been reviewed and contributed to by the following:

Allison Hull of our DC office  
Sean Mackay of our DC office  
Gabriel Olson – SoCalGas Strategy

Please let me know if you need any other information.

Thanks!
