Pat

CEC has their own letter. I am writing ours. I would like you, Mary, and Ed to have one last look it before sending outside the group.

This is current up to minute draft than includes input from Mary, Bijit, Farhad, Bill Pennington, Kristen Driskel, and I guess we can count Sue K. of SCG (although she has not shared with me... just AGA..just kidding). I want to read and edit it when I am fresh. I am hitting the road back to Davis in about an hour. Call if you have questions.

Marshall:

Are you developing two letters, one for CEC and one for PG&E? If so, when might you have something that I can share with our Corporate Affairs group.

Thank you.
