Subject: Comments on Draft Conflict of Interest Policy v.3 presented 11-16-2016

Thank you for the opportunity to provide comments on the Draft Conflict of Interest Plan relating to CAEECC meetings. Silent Running is a potential program implementer for future California IOU Energy Efficiency programs.

We have reviewed the revised CAEECC Conflict of Interest Policy v.3 and are supportive of the draft content as presented, especially as it may impact existing and future implementers.

We appreciate the opportunity to provide input on these issues.

Sincerely,
