Question 19:

Please provide a timeline for all third-party implementation activities that will commence in the period January 1, 2017 to December 31, 2020?

Response to Question 19:

At this time, SCE cannot provide a timeline for when third-party implementation activities will occur from January 1, 2017 to December 31, 2020 because SCE will not know which implementation activities will be outsourced to third parties until it receives final Commission decision approving its business plan and executes its Solicitation for Innovation and selects winning proposals. SCE intends to bid out as much of the implementation of its EE Portfolio to third parties as is feasible.
