Hi Daniela,

haven't sent the watersense letter yet, pending two small pieces of information from you, see below. Any chance you could let me know? I want to get this out the door.

Thanks!
Marc

Go ahead and share with the IOUs and give them a deadline for approval then we can submit.

Hi Daniela,

wanted to bring this up again briefly as well; we are somewhat past our deadline at this point, and still need concurrence from the other IOUs before we send this to the EPA. Is the letter ready to be shared with the other IOUs in your opinion? Latest version is still the one with Lovell's comment (that I am happy to accept if you want me to).

Thanks

Marc

Attached Lovell had one suggestion. Do you have time to discuss tomorrow? I'm free all but 11-12. I haven't had time to go through it so maybe we just go through it together if that's ok?

Hi Daniela,

please find attached a draft of a proposed comment letter to the EPA. I think the next step would be for you and us to review, and then forward to the other IOUs after we incorporate any changes you'd like to see.

What I like about this letter is that it gives us an opportunity to align our position with the other IOUs early- to mid-project... and to that end, would could add more details about our project.

Let me know what you think.

Marc
