Background

In preparation for the Metrics Workshop, CAEECC will reconvene the Equity Metrics and Market Support Metrics Working Groups for brief “huddles” in late August and early September. **The huddle will be a two-hour meeting aimed at discussing CPUC’s Energy Division’s (ED’s) categorization analysis of metrics, gathering initial input on metrics that need specificity or methodologies, and possibly discussing topics of REN performance metrics and targets.** ED’s categorization analysis can be found on the CAEECC website, linked above. Outcomes from the huddles will inform any presentations and the agenda at the September 15, 2022 Metrics Workshop. *The [Equity Metrics WG Huddle](#) will be August 30, 2022 10am - 12pm PT.* Members of the public are welcome to attend ([view public attendee details](#)).

Prep: Review ED categorization analysis and come prepared to provide initial feedback on the overall categorization, and optionally, suggestions for methodologies.
