2022 Annual Evaluation Summary

About Evaluations

Notes

- Facilitator scope of work calls for Facilitator to **“Conduct annual feedback survey to determine opportunities for improvement”**
- Although this is an annual evaluation, the CAEECC **Facilitation Team switched mid-year** and the new contract began in August 2022
- Focus was on digesting the **rich responses from existing surveys**
- Below is the **rating scale** used in the evaluations

2022 Lookback

	New CAEECC Facil Team		Previous CAEECC Facil Team			Annual Average

Overall, this Full CAEECC meeting was successful.	5.0	5.0	5.1	4.6	4.9	4.9
Objectives of the meeting were clearly articulated on the agenda.	5.3	5.3	5.3	4.9	5.3	5.2
Objectives of the meeting were accomplished.	5.1	5.1	5.1	4.5	4.8	4.9
Presentations and background documents were clear and helpful.	5.3	5.3	5.2	5.1	5.0	5.2
CAEECC Members (including PAs) were flexible in seeking outcomes that were potentially mutually agreeable, where applicable.	5.0	5.0	5.2	4.7	4.9	5.0
The facilitators were effective in running the meeting (e.g., fostering a constructive and efficient forum, being impartial, and making sure no one dominated discussions).	5.5	5.5	5.4	5.3	5.1	5.4
Overall, the online meeting format (WebEx) was smooth and effective.	5.2	5.2	5.3	4.9	4.9	5.1

Q1: Meeting Objectives

Question(s)	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>Objectives of the meeting were clearly articulated on the agenda.</i>	5.2	4.9 - 5.3
<i>Objectives of the meeting were accomplished.</i>	4.9	4.5 - 5.1

Summary of Accompanying Comments

- Virtually everyone who commented felt that the meeting objectives were clear.
- However, some felt that on occasion, the objectives were overly ambitious for the timeframe and weren't fully achieved.
- In particular, some were frustrated that there was insufficient time for thorough discussions on certain issues/topics.
- A few also commented that on certain issues/topics, while the objectives in the agenda may have been clear, the objectives seemed to shift during the course of the meeting

Q2: Presentations & background documents

Question	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>Presentations and background documents were clear and helpful.</i>	5.2	5.0 - 5.3

Summary of Accompanying Comments

- Most of the comments on this question were that presentations and background documents are generally clear, comprehensive, and helpful.
- However, there were two exceptions for some commenters
 - some felt that the PA presentations on Biz Plans were not sufficiently detailed to be useful; and
 - one felt that ED's presentation on CAEEC's future with greater JEDI focus could have been clearer.
- Numerous people also commented that slides were often too wordy, and the slides should be more dynamic.

Q3: Member flexibility (including PAs)

Question	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>CAEECC Members (including PAs) were flexible in seeking outcomes that were potentially mutually agreeable, where applicable.</i>	5.0	4.7 - 5.2

Summary of Accompanying Comments

- The most common comment was that when a meeting topic (and sometimes entire meeting) did not have a clear objective of agreement/solution seeking that there wasn't a need for Members to demonstrate flexibility (so the question was really not applicable).
- Generally when there was a topic/issue where agreement was being sought, most of those who commented generally felt that Members were open-minded, listened, and were constructive.
- However, some felt that certain Members seemed dug in and inflexible (e.g., weren't going to agree to anything with an incremental cost or had strong emotional feelings about an issue)

Q4: Facilitation

Question	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>The facilitators were effective in running the meeting (e.g., fostering a constructive and efficient forum, being impartial, and making sure no one dominated discussions).</i>	5.4	5.1 - 5.5

Summary of Accompanying Comments

- Many members expressed appreciation for facilitation open-mindedness, flexibility, and objectiveness
- Many felt facilitators do a good job keeping the meetings on schedule and task, but some commented that facilitator may need to cut some people off at times
- Some stated that the hand-off between facilitators at meetings, and with the new facilitation team has gone relatively smoothly
- Suggestion to shorten background info (in meeting intro and each topic) - participants are supposed to come prepared

Q5: Online meeting format

Question	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>Overall, the online meeting format (Zoom) was smooth and effective</i>	5.1	4.9 - 5.3

Summary of Accompanying Comments

- Many remarked that they prefer Zoom over WebEx
- Some expressed their desire to meet in person, while others expressed their appreciation for online meetings
- Despite some technical glitches, overall no major concerns with Zoom platform

Meeting success

Question	Average Across 5 Mtgs	Range Across 5 Mtgs
<i>Overall this Full CAEECC meeting was successful</i>	4.9	4.6 - 5.1

Summary of Accompanying Comments

- Some commented that meetings were successful, especially considering often "ambitious objectives, and often diverging perspectives"
- Recommendations included being clearer about both objectives for each topic and for next steps, as well as continuing to seek ways to increase engaged within CAEECC and with the public

Overall suggestions

Engagement

- Seek ways to get quiet people to speak up including round robin in alphabetical order;
- Use polls to get more universal input on topic

Timing

- Have "less stuff [on agenda] but more depth [on each topic]"
- Include breaks at least every 90 min even just for 5 min
- Make solicitation update as slides only not walkthrough
- Break up meetings into smaller chunks to increase attendance

Scheduling

Further out from large filings (unclear if this means mtgs related to Biz Plan/applications should be further before filings, or if filings in general make CAEECC mtg attendance challenging)

Overall suggestions

Planning

Ask parties if they have known issues based on distributed materials so can better allocate meeting time (note we sort of do this but maybe worth discussing)

Audience

Think about what's helpful to each type of member vs stakeholders/public

Technology

Encourage a "unified approach to participant videos"

Discuss Scope Priority & Sequence

As discussed at the 11/30/2022 CAEECC meeting, we are soliciting feedback from CAEECC Members and the Public on the sequence of topics (from the Prospectus) that the Working Group covers. Feedback from today's discussion will be shared with Working Group members for their input and consideration.

Prospectus is available here: <https://www.caeccc.org/11-30-22-full-caeccc-mtg>

Phase I

1. Purpose, Objectives, Scope of CAEECC

Phase II

- Composition/Representation and Eligibility (CAEECC and WGs)
- Compensation
- Competency Building
- Recruitment & Retention

Phase III

- Facilitation
- Accountability & Reporting
- Additional Topics as needed

Public Input and CAEECC Discussion

1. Any input on WG Scope Priority & Sequence?
2. **If the CPUC hasn't yet indicated through a Proposed Decision that it will authorize the Compensation Pilot funding by March 17th (or if they reject such compensation),** do we have CAEECC member approval to launch the Evolving CAEECC WG anyway? *The Facilitation Team and Co-chairs would create a plan to engage as many of the voices as we sought to include through the Compensation Pilot through alternative means such as workshops, focus groups, and public input.*

How Grant Funding Gets to CBOs and Tribes

CPUC will award a master grant to technical assistance (TA) provider(s).

Tribes or CBOs request assistance from TA provider(s) for microgrid or SGIP projects.

Designated TA provider evaluates these requests and provides technical assistance and funding to conduct work.

TA provider provides metrics and reports on work completed to the CPUC.

Additional details will be developed with grant award to TA provider(s).
