 +16694449171,,89612869158#,,,,*552967#

Objectives

- Clarify specific related to Equity Indicators #2, #5-9, and #11-12.
- Identify any remaining barriers to reporting on Equity Indicators

Agenda

Supporting materials can be found on the CAEECC website:

<https://www.caecc.org/equity-market-support-wg-mtg-3>

| Time | Topic & Description | Lead |
|-------|---|-------------------------|
| 9:00 | Welcome | Common Spark Consulting |
| 9:05 | <u>Topic 1: Equity Indicator #2</u> <ol style="list-style-type: none"> 1. What inputs are needed to calculate this Indicator? 2. Should an average electric rate be used across PAs to calculate this value? If so, what is the methodology for determining the average rate (presumably on a \$/kWh) by which to calculate bill savings? How will non-IOU PA's determine/obtain "average rate" information? 3. Is this expected bill savings (by segment) for ALL target participants in each sector equity segment programs? Or average bill savings for individual participants? 4. Is there a data field within CEDARS to capture this "average rate"? If not, can a field be added? | Common Spark Consulting |
| 9:50 | <u>Topic 2: Equity Indicators #5-9</u> <ol style="list-style-type: none"> 1. How should PAs reconcile significant differences across Equity Indicators #5-9 (e.g. first-year vs lifecycle, net vs gross, forecast vs evaluated)? 2. When Indicator results are compared across PAs, what will the reader be able to understand? What information is needed to ensure consistent interpretation by readers, if any? | Common Spark Consulting |
| 10:30 | 10-min. Break | |
| 10:40 | <u>Topic 3: Equity Indicators #11-12</u> <ol style="list-style-type: none"> 1. How do the overlapping definitions between "hard-to-reach" and "disadvantaged community" affect reporting on these Indicators? 2. In the PAs' starting proposals, the numerator is consistent for the Indicators but the denominator is split between "Count of all customers" and "Count of all participants" – how should this be reconciled? 3. What new data needs to be collected to report on these Indicators, if any? | Common Spark Consulting |

| | | |
|-------|----------------------------|-------------------------|
| 11:20 | Bike Rack Items | Common Spark Consulting |
| 11:50 | Wrap Up and Adjourn | |

This meeting will be held on Zoom. We encourage you to use the desktop or web client of Zoom over the mobile app or dial-in mechanisms. Visit [Zoom Support](#) for more info.
